LIST OF SOME AGRICULTURE RELATED JOBS

Approximately 21 million Americans work in agriculture today. Less than 2% of those people work in traditional farming. The rest are employed in careers ranging from biotechnology and education to marketing and sales. Changing world food needs and rapidly developing technology mean those opportunities continue to grow. Your talents and interests are bound to match with one of the more than 200 exciting, diverse careers in agriculture. With more job openings than qualified graduates to fill them, agriculture offers countless opportunities for students.

The opportunities are boundless! Agriculture can open a new world of possibilities and provide you with the job of your dreams! **Just to name a few:**
